Appeal from the United States District Court  
for the Southern District of Georgia  
D.C. Docket No. 1:25-cv-00082-JRH-BKE

---

Before ROSENBAUM, NEWSOM, and ABUDU, Circuit Judges.

PER CURIAM:

This appeal is DISMISSED, *sua sponte*, for lack of jurisdiction. Ronald Emrit, proceeding *pro se*, appeals from the magistrate judge's April 16, 2025, report and recommendation that his complaint be dismissed.

A magistrate judge's recommendation on a dispositive matter that has not been adopted or otherwise rendered final by the district court at the time the notice of appeal is filed is not final and appealable. *See Perez-Priego v. Alachua Cnty. Clerk of Ct.*, 148 F.3d 1272, 1273 (11th Cir. 1998); 28 U.S.C. § 1291. Moreover, the district court's subsequent adoption of the recommendation and entry of

Opinion of the Court

final judgment did not cure Emrit's premature notice of appeal. *See Perez-Priego*, 148 F.3d at 1273.

No petition for rehearing may be filed unless it complies with the timing and other requirements of 11th Cir. R. 40-3 and all other applicable rules.
